REASON FOR UNINTENTIONAL DELAY  
Of Application No. 09/626,804

This Patent was to be issued on two different occasions. However, the Attorney, George A. Bode failed to pay the issue fee resulting in the Patent Applications going abandoned.

George A. Bode had been paid in full. A record of the checks paid to him are attached.

A copy of a Decision made by the Director Office of Enrollment and Discipline against George A. Bode is enclosed. It shows other Patent Applications going abandoned as a result of Bode's dishonesty.

George A. Bode was suspended from practice before the USPTO for seven years. The face sheet and decision of this case is attached.

I appreciate your assistance in getting this Patent issued.

Sincerely,

Walter Riddle  
Managing Partner
